I love learning, as it is a lifelong process. Currently, I am a full-time student who is pursuing his bachelor's program in the field of computer science from UFV. I have a lot of experience related to Computers (Software and Hardware). I would love to gain valuable experience which will be beneficial for me in the future.

I have:

- Over 2 years of experience in Web Development, Programming, operating systems, and troubleshooting through education and work experience
- Coding practice includes thorough code reviews, careful debugging and other techniques
- Detail oriented and accurate with strong numerical and mathematical knowledge of methods and skills for computer aided design
- Effective team player with demonstrated interpersonal and communication skills
- Dependable, hardworking, efficient, and quick learner
- Fluent in English, Punjabi and Hindi

Willing to relocate: Anywhere
